

## 20 Shining Light into the Darkness

Greetings Patriots, this is Perry Greene with GodNAmerica. Today is February 11. I want to talk about some newsworthy topics in addition to our regular daily devotional podcast. If you are new to our podcast, you can find us at GodNAmerica.com. There you will find daily devotionals, podcasts, interviews, and a blog. You can download the GNA App at our site. You can also honor us with a donation if you so choose.

Today's podcast is entitled "*Shining Light into the Darkness.*" Let's begin by reading some scriptures:

**Proverbs 21:15 (ESV)**

**When justice is done, it is a joy to the righteous but terror to evildoers.**

**Isaiah 9:2 (NKJV)**

**The people who walked in darkness Have seen a great light; Those who dwelt in the land of the shadow of death, Upon them a light has shined.**

**Ephesians 5:13-14 (NKJV)**

**<sup>13</sup> But all things that are exposed are made manifest by the light, for whatever makes manifest is light. <sup>14</sup> Therefore He says:**

**“Awake, you who sleep,  
Arise from the dead,  
And Christ will give you light.”**

The first topic of “Shining Light into the Darkness” has to do with the 2020 Presidential election. Our question is, “*Will the 2020 Presidential Election Be Decertified?*”

The most recent Presidential election is a “hot button” for many people on both sides of the aisle. Some are shouting, “Foul” both Democrat and Republican. Others want to just get on with life and vote again in four years.

If this was a fraudulent election and it is not corrected, there won't be any more fair and free elections. Yet many people prefer to just bury their heads in the sand and ignore any possible wrongdoing. Even Christians who value honesty want to stay out of politics and roll over to a potentially deceitful process.

After the election, I tried to rouse people in my former congregation to protest the election. Some did by contacting our Federal representatives to ask them not to certify the election. Senator James Lankford told Oklahomans he would not vote to certify, but he turned his back on his constituents and did not keep his word.

When I tried to enlist their aid, some of my congregation asked, “What voter fraud?”. Mainstream Media has done a number on Americans. Some of my congregation took me to task for re-posting a quote on Facebook that questioned the authenticity of the vote along with the lies of the “Plan-demic.”

I am sure you have heard about what many are calling “*Election Integrity.*” A growing number of people are now convinced that the 2020 Presidential election was corrupt. Many believe that people manufactured votes to make Joe Biden appear to have won the election as the most popular President in history. He lost the race in all reality.

Biden himself even stated that they had an election fraud system used for Obama and used for his election. You can watch this yourself on YouTube. I have included the citation in the footnotes of our notes. During the campaign, candidate Biden stated:

*“We have put together, I think, the most extensive and inclusive voter fraud organization in the history of American politics.”<sup>1</sup>*

Did you wonder why Joe Biden hid in his basement during the campaign? Did you wonder why no one seemed upset about the low turnout for his rallies? Even when the campaign hired celebrities to entertain the audiences, very few turned out to hear “the most popular President in US history.”

Yet, the Trump rallies had standing room only. No celebrities performed. People stood in line hoping to get into the event, and the campaign had to turn many of them away. Trump’s current rallies are still impactful.

Maybe the reason the Biden campaign didn’t worry about the crowds or getting out of the basement was that the election was in the proverbial “bag.” They had planned to cheat according to Biden’s own words. It appears they succeeded. Now there is a fight to restore election integrity.

There are Patriots throughout the country fighting to have the election forensically audited. This is more than a mere recount of votes. This is an in-depth look into the votes to see if the votes were legitimate.

Recently I received emails from Arizona Senator Wendy Rogers. Senator Rogers believes that Arizona has gathered enough evidence to prove that the election was fraudulent. She stated in her email that “740,000 ballots were accepted and counted without the proper chain of custody documentation in violation of Arizona Law.”

According to a Monday press release, Arizona State Representative Mark Finchem (R) introduced a resolution to “set aside and decertify three 2020 county elections” in Arizona. The concurrent resolution, HCR 2033, calls for the elections of Maricopa, Pima, and Yuma Counties to be set aside “based on clear and convincing evidence that the elections in those counties were irredeemably compromised.”

*“In the case of Maricopa, Pima and Yuma Counties, the fact that there is evidence showing illegal acts occurred, whether by intent or omission does not matter, the margin of error exceeds the margin of victory,”* Rep. Mark Finchem said in a statement.

The Arizona House has only filed a Bill regarding the fraudulent election. The Arizona Congress has much more work to do before serving indictments. Senator Rogers believes that Arizona will soon decertify its 2020 Presidential election.

I am excited about this new information. Voting is essential, not optional, and we must not take it lightly. Our election process in America is sacred to us. In 1781 **Samuel Adams** said:

***“Let each citizen remember at the moment he is offering his vote...that he is executing one of the most solemn trusts in human society for which he is accountable to God and his country.”<sup>2</sup>***

Let’s go to a higher level. GOD says in **Proverbs 10:9** (NKJV):

**He who walks with integrity walks securely,  
But he who perverts his ways will become known.**

The truth will come out. Truth already has with Biden’s own words. Do you find it odd that he could brag about their voter fraud organization, and virtually no one calls him out on it?

If Arizona follows through in the courts with the proof they have found in the forensic audit of the election, other states will follow. What will become of the election then? What will become of those political officials and their underlings who committed treason by falsifying the election?

I want to see justice. I don't want this swept under the rug. It needs to be addressed and proper penalties meted out. It seems we generally have to learn the hard way so let the lessons begin.

## **BLM via Candace Owens**

In addition to being on LTC Wendy Rogers' email list, I am also on Candace Owens' Blexit list. I have a great deal of respect for both of these patriotic women. In this segment, I want to talk about BLM.

I am sure you remember when BLM came on the scene. They projected a concern for Black people and feigned their support. When the riots hit Minneapolis on May 26, 2020, over the unjust death of George Floyd, "Black Lives Matter" rose to avenge him. Many Black-owned businesses were destroyed by the "Black Lives Matter" rioters. It seems that some Black lives matter more than others to them.

As BLM became more popular, people who opposed them became politically incorrect. Even if one said, "All Lives Matter," that wasn't appropriate. Only BLM mattered. They began a nationwide campaign for money to fund their organization.

Some of us suspected that BLM was not legitimate. We discovered that BLM Co-Founder Patrisse Cullors stated they were "trained Marxists" on YouTube and that link is in the notes.<sup>3</sup> Their Marxist connection explains why they aren't supportive of all Blacks. Marxists do not have a heart for oppressed people. They only want to find a way to divide people to advance their agenda.

When I was preaching, I told my congregation exactly what BLM is. I warned them not to support BLM financially because their money would fund a Marxist agenda. BLM did not use its donations to help Blacks. Many did not approve of my warning. My research has proven my warning to be correct.

Another issue that we have discovered about BLM is that their leadership participates in the occult. The "*Exposing Satan and Witchcraft*" website includes an article by Alex Newman from the *New American* publication.<sup>4</sup> He stated:

**"There is now proof that there are very dark forces behind Black Lives Matter, and it's not just the blatant Marxism of its founders and leaders. The darkness literally includes summoning dead spirits and allowing them to work through BLM leaders. Sound crazy? BLM bosses admit it."**

Do you still want to wave the BLM flag and support them? I saw it among ignorant guilt-laden white Christians. I don't see it so much lately.

Candace Owens points out in her email that "Black Lives Matter" is starting to unravel. The organization has been exposed for the FRAUD they've always been:

- Deep-Blue *California* is **investigating massive financial fraud** in Black Lives Matter's National Chapter...
- ...and warning Black Lives Matter founders that they may be held personally liable if they don't **show what happened to \$60 million.**

<sup>4</sup> [Proof there are Very Dark Forces behind Black Lives Matter – Exposing Satanism and Witchcraft](#)

- Connecticut, Maine, Maryland, New Jersey, New Mexico, North Carolina, and Virginia have all **REVOKED Black Lives Matter’s charitable designation.**
- The Black Lives Matter’s Memphis Chapter founder was sentenced to **6 years in prison** for illegally registering to vote with a *pages-long* felony rap sheet.

Americans need to wake up and see what is going on. We need to stop listening to Fake News and start doing our research. We need to know for sure what organizations we are supporting and what may happen if we allow untested vaccines into our bodies. These are matters of educating ourselves to the realities and not the brainwashing of our biased media.

## **X-22 Reports on New Terrorists and We The People**

I listen to a few alternative podcasts to get real news. I do not trust the mainstream media to give unbiased accuracy to us. One of the podcasts I listen to is “*The X-22 Report.*” The February 9 and 10 shows had interesting nuances that we probably won’t hear in the National News.

I want to mention in this segment something new to me. The current governmental regime calls people who disagree with their narrative “terrorists.” I find that incredibly arrogant and anti-American.

What has happened to the First Amendment to the Constitution? That amendment gives us the right to free speech. Hear what it says:

**Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.**

When the Framers wrote the Constitution, James Madison left out the Bill of Rights. Many of them were angry at this omission. Some even refused to sign the Constitution because of this oversight. They later added the Bill of Rights in the form of amendments. It is a good thing because these amendments protect Americans from the Government.

Think about what the current administration is telling us by calling us “terrorists” when we speak against their narrative. They say we do not have the freedom of speech the Founders and Framers identified for us. They say that we do not have the right to petition the Government regarding grievances. In other words, we are to shut up and take whatever abuses they want to inflict on us. That is arrogant and Anti-American and unconstitutional.

God wants us to speak freely and correctly. We have the privilege of speech and can abuse it or adequately use it. In **Ephesians 4:29** (NKJV), we read:

**<sup>29</sup> Let no corrupt word proceed out of your mouth, but what is good for necessary edification, that it may impart grace to the hearers.**

God gives us the freedom to speak in whatever manner we choose. His direction for us is to speak words that build others up. He does not want us to speak corrupt words that destroy. Our freedom of speech is another example of our unalienable rights from God.

In the eighteenth century, Great Britain sent troops to America to put down our ability to speak freely regarding the grievances we held against the King of England. Americans protested, and the British pushed back. Eventually, we stood against the British troops at Lexington and Concord and won our independence through our “Revolution.”

Our God-given rights are worth fighting to retain. I have reached the point that I do not believe there is “unlimited submission to government.” I agree with our Founders who wanted our national motto to be, “**Rebellion to Tyrants is Obedience to God.**” I do not believe that resistance to an ungodly Government is an option or the will of God. There are too many scriptural examples that say otherwise. God calls us to transform society agents, not be chameleons and blend into it. It is a sin not to resist evil.

We do not necessarily have to take up weapons in resisting a corrupt regime. We can do as the Canadian and New Zealand truckers are doing. They are peacefully protesting by shutting down certain cities with their trucks. I understand next month, American truckers are planning a similar event in DC.

People all over the world are tired of mandates for masks and vaccines. They have had enough. Now they are pushing back in a variety of non-violent demonstrations. It appears to be working. Sweden has declared the “pandemic” to be over. Many American states controlled by Democrats, such as Illinois and Nevada, are reversing their directives regarding mandates. Even High School students in Washington State and Chicago are walking out of school until the School Boards remove the mask mandates. They are tired of it and are pushing back. That spirit is catching on among students all over the US.

BTW, what happened to the Government’s prediction of the “Winter of Death”? If they can reverse the mandates, the prediction must not have been too accurate. We realize this was a giant fraud. The reason behind the hype of the virus was to gain control of the population and instigate international tyrannical control by an oligarchy. It is Satanic to the core.

It makes me sad that churches did not lead the charge. Churches and their leaders should have been the first line of defense against attacks on any blessing God has given us. Some churches have made a stand, but not many. Most churches have been silent and content to submit to the oppressive regimes.

Why haven’t we stood? Some failed to stand out of fear of the virus and the government. Some failed out of ignorance. Others failed due to apathy.

Before I close, I want to comment on something Dave said on the February 10 *X-22 Report*. He mentioned that nearly every country has pushed its population to be “vaccinated.” He said that China had not given one vaccine to any citizens. If that is true, the question I ask is, “Why?” What do the Chinese know about the virus they dumped into the world? What do we NOT know? I hope you research and think about the push to vaccinate the earth’s population. Apparently China may even know some things of the vaccine that we do not.

That is enough for this podcast. A lot is going on in the world! I hope to bring you more as one of your friendly “terrorists” speaking out against a corrupt regime.

Let’s **Keep The Light Burning** to expose the darkness!
