

23 Dr. Kevin Clarkson and Prophecy “Revelation”

Intro

Greetings Patriots! Thank you for listening in on today’s interview with Dr. Kevin Clarkson. I have heard good things from our last interview with Kevin. He explored some of the basics of prophecy with us.

If you are like me, prophecy is not one of my strengths. It is a passion for Kevin, and he has spent several years studying the prophetic.

Today he is going to walk us briefly through the book of Revelation. He will also touch on something that I have wondered about, the millennial views that Christians have.

If you have not listened to the first interview, please take the time to go back and hear Dr. Clarkson.

I hope you enjoy today’s interview.

Outro

Thank you again for listening in today. We have one more interview with Dr. Clarkson. Next time he will teach us some things from the book of Daniel. Like Revelation, Daniel is a challenging book. I hope you will come back and sit at the feet of Dr. Clarkson.

Until the next time, let’s Keep The Light Burning!
