

## 30 Dr. William J. Federer Part 1

### Introduction

Greetings Patriots, this is Perry Greene with GNA. Thank you for listening in today.

I have a special treat for you today, part 1 of an interview with Bill Federer. This was an incredible honor for me. Dr. William J. (Bill) Federer is a Patriot and is a nationally known speaker, best-selling author, and president of Amerisearch, Inc., which is a publishing company dedicated to researching America's heritage.

Bill's AMERICAN MINUTE radio feature is broadcast daily across America and by the Internet. His Faith in History television airs on the TCT Network on stations across America and via DirectTV.

Bill is a prolific author. I would encourage you to go to his website and buy his books. They are well-documented and give insight into our current events as well as give a clear picture of our history. I have included the link in our notes: <https://americanminute.com/collections/all>.

I have also included a link to his website biographical sketch if you would like more detail. <https://americanminute.com/pages/about>

I met Bill Federer a little over two years ago. I resigned from my position as a Preaching Minister and began GNA. Bill was speaking in the area and I went to hear him. My friend, Kevin Clarkson is a good friend of Bill's and Kevin set up an appointment for me to visit with Bill about GNA. Bill is not only a gifted speaker, he is a man of great humility and has a servant's heart. He gave me three hours of his time to talk about some of the fundamentals of starting a ministry like GNA.

In my estimation, Bill Federer is at the top of the Patriot speakers. He is the kind of presenter that those of us starting out want to be.

In this part of the interview, Bill enlightens us on some of the aspects of socialism. I asked him about the Marxist infiltration of America, particularly the church. He gives a history of the separation of church and state lie that goes back further than I realized. I end this part of the interview with some history of the influence of the Moravian Church on John Wesley who in turn engaged George Whitefield to come to America with some of the ramifications of his preaching.

SPOILER ALERT: I will end this part of the interview in mid-thought about the Great Awakening period of American history so don't be shocked at a rather abrupt ending. Then next week we will pick back up where we left off and complete the interview. I hope you enjoy Bill Federer's insights.

### Outro

I want to thank you again for listening in today. I hope you will come back next week for our conclusion with Bill Federer. You are going to have to come back, I kind of left you hanging didn't I? We will pick up where we left off next time!

Until next time, Keep The Light of God's Hand in Our History Burning!
