## 37 Dan Fisher on Unlimited Submission to Government

**Greetings Patriots!** 

A few days ago, I had the privilege of attending Dan Fisher's Unlimited Submission to Government presentation at a Republican County meeting in Weatherford, OK. Using Romans 13:1-5, Dan addressed the fallacies of modern Christians who want to submit to tyrannical government at all costs.

I have seen Dan's Bringing Back the Black Robed Regiment production many times, but this is the first time I have seen his Romans 13 teaching. I think you will appreciate what he has to say. I found it motivating and empowering. Please listen and share this with others.

I have included his website in the notes. You can order his materials and get a glimpse of this important work.
